

## Early development, child health and mental health

Title	First Name	Last Name	Country	Paper Title	Presenting Author Names
<b>Brief Oral Presentation</b>					
Ms	Valerie	Aylesbury	Australia	Nunga (Aboriginal) Playgroup Elizabeth Vale South Australia: “Strong Aboriginal Cultural Communities and Relationships Creates Resilience in our Children”	Ms Joy Makepeace
Ms	Grace	Branjerdporn	Australia	Infant sensory patterns and developmental outcomes: Associations with maternal-fetal attachment, postnatal maternal sensory patterns and previous perinatal loss	Ms Grace Branjerdporn
Mr	Georgius	Cardoso Esswein	Brazil	Reflections on growth and development of 0-2-year-old babies: an analysis of SUS documents	Mr Georgius Cardoso Esswein
Mrs	Sara	Cibralic	Australia	A systematic review of emotion regulation in children with Autism Spectrum Disorder	Mrs Sara Cibralic
Dr	Daphna	Dollberg	Israel	Continuity and discontinuity in infant psychopathology	Dr Daphna Dollberg
Dr	Pamela	Douglas	Australia	Pre-emptive Intervention for Autism Spectrum Disorder: Theoretical Foundations and Clinical Translation	Dr Pamela Douglas
Dr	Bodo	Frank	Germany	Early signs of developmental disorders (autism) – capturing and analyzing of motor patterns in Intersubjective Communication in OVC-Institution	Dr Bodo Frank
Ms	Cassandra	Hendrix	United States	Maternal Childhood Trauma Exposure has Transgenerational Effects on Neonatal Neural Connectivity	Ms Cassandra Hendrix
Ms	Jessica	Hutchinson	United States	Mental Health: Children Diagnosed with Critical Congenital Heart Disease	Ms Jessica Hutchinson & Dr Wendy Middlemiss
Professor	Delyse	Hutchinson	Australia	The association of maternal antenatal and postpartum depression and anxiety with child development from infancy through adolescence: A meta-analysis	Associate Professor Delyse Hutchinson
Dr	Delphine	Jacobs	Belgium	Autism spectrum disorder diagnosis in young children: views and experiences of parents and clinicians.	Dr Delphine Jacobs
Dr	Harvey	Karp	United States	Calming Reflex: A Novel Paradigm To Explain Colic, Boost Parent Skill, and Reduce Postpartum Depression, Child Abuse and SIDS	Dr Harvey Karp
Dr	Jamie	Lawler	United States	Parental adverse childhood experiences, parental executive functioning, and child emotion regulation	Dr Jamie Lawler
Dr	Anita	Nepean-Hutchison	Australia	Building the capacity of the early childhood workforce to support children’s social and emotional wellbeing	Dr Anita Nepean-Hutchison
Dr	Naoko	Nishimura	Japan	Evaluation of parents-infant interaction, development, parent’s stress in children with achondroplasia : focusing on two parent-child pairs	Dr Naoko Nishimura
Dr	Tania	Pomario	Australia	Identification of young children with Fetal Alcohol Spectrum Disorder: Utility of the Australian Guide	Professor Sharon Dawe
Ms	Diane	Roberts	Australia	Growing a mentally healthy generation. Responding together.	Ms Diane Roberts
	Monica	Rowland	Australia	Collaborating across disciplines: Incorporating a developmental lens for infants and young children in a therapeutic foster care program	Ms Monica Rowland
Dr	Lane	Strathearn	United States	Adverse childhood experiences predict common neurodevelopmental and behavioral health conditions among U.S. children	Dr Lane Strathearn
Dr	Huiping	Zhang	China	The social interactive behavior in female newborn infants were more vulnerable to maternal perinatal depressive symptoms than male newborn infants	Dr Huiping Zhang
Dr	Zhongliang	Zhu	China	Homocysteine-mediated gender-dependent effects of prenatal maternal depression on motor development in newborn infants	Dr Zhongliang Zhu
Dr	Zhongliang	Zhu	China	Gender differences in neurobehavioral development of newborn infants : evidence from China	Dr Zhongliang Zhu

Professor	Marina	Fuertes	Portugal	Crying for an antibiotic: maternal sensitivity and mother-infant attachment are associated with antibiotic uptake in infancy	Professor Marina Fuertes & Assistant Professor Francisco Dionisio
Dr	Ulrike	Lux	Germany	Stability of psychosocial adversities in families with young children – results from the German study series KiD 0-3	Dr Ulrike Lux
Mrs	Jacinta	Molloy	Australia	Maintaining relationships and care during COVID: Uploading videos into the homes and hearts of Aboriginal families across regional Victoria.	Mrs Jacinta Molloy
Dr	Tiago Miguel	Pinto	Portugal	Maternal prenatal depression symptoms effects on infant self-regulation at 3 months of life are moderated by coparenting	Dr Tiago Miguel Pinto
Miss	Alana	Rogers	Australia	Maternal and paternal perinatal depression and anxiety as longitudinal predictors of infant Development.	Miss Alana Rogers
Ms	Monya	Gangemi	Australia	Paternal Depression and Gambling Harm: including, supporting fathers and optimal early relationship development	Ms Monya Gangemi
Ms	Denise	Taddonio	United States	Strengthening the fractured narratives of preschool children with ASD by bringing attachment theory into the classroom, where it belongs.	Ms Denise Taddonio
Dr	Robin Lynn	Treptow	United States	What people think about babies born with problems matters for how those babies learn and grow: A brief bias-awareness training	Dr Robin Lynn Treptow
				The Child and Parent Emotion Study: Investigating parent gender and culture differences	Elizabeth Westrupp
Professor	Kaija	Puura	Finland	TaysHuoma Parental Coaching Program: a web-based service for parents of young children	Professor Kaija Puura
<b>Poster Presentation</b>					
Mrs	Houria	Bénard	Canada	The association between executive functions, socioemotional competence and behavior problems in preschool children	Mrs Houria Bénard
Mrs	Jessica	Blume	United States	The link between language and looking: Early gaze shifts promote speech production growth in toddlers with autism spectrum disorders	Mrs Jessica Blume
Ms	Leontine	Crain		Growing a mentally healthy generation. We are all part of a mental health support team	Leontine Crain
Dr	Bodo	Frank	Germany	Early signs of developmental disorders (autism) -capturing and analyzing of motor patterns in intersubjective communication for Intervention and institutional change	Dr Bodo Frank
Ms	Elaine	Johnson	United States	Prenatal stress and infant cognitive development: residential quality as a protective factor	Ms Elaine Johnson
Professor	Prahbjot	Malhi	India	Screen time and school readiness in young children: Does home stimulation matter?	Professor Prahbjot Malhi
Ms	Tania	McNamara	Australia	Collaborating to implement and evaluate an infant mental health intervention model for vulnerable infants and their families.	Ms Tania McNamara
Dr	Amanda	Morris	United States	Baby PACEs: The Development of the Protective and Compensatory Experiences Survey (PACEs) for Children ages 0-5	Dr Amanda Morris
Mr	Linos	Muvhu	Zimbabwe	Early Childhood Program to promote good family mental health and well-being across the life course.	Mr Linos Muvhu
Dr	Kimberly	Renk	United States	How strongly do maternal depression and insecure attachment patterns predict children's affective problems?	Dr Kimberly Renk
Ms	Jessica	Sciaraffa	Canada	Children's exposure to family violence and bullying outcomes: The effects of parenting strengths, caregiver well-being, peer relationships and interpersonal factors	Ms Jessica Sciaraffa
Miss	Maia	Dosoretz	Argentina	Mobile application for parents and caregivers.	Miss Maia Dosoretz

Dr	Simon	Kizito	Uganda	Maternal mental illness, infant growth and infant psychomotor functioning in rural Masaka district, Uganda: A longitudinal cohort study	Dr Simon Kizito
Ms	Carolyn	Seri	Australia	Puppets, music and fun help children understand and manage unhelpful emotions, setting them up for success from an early age	Ms Carolyn Seri
Mrs	Marina	Kalinina	Russian Federation	Mental and autonomic dysfunctions in children with Autism Spectrum Disorders (prospective research)	Mrs Marina Kalinina
Ms	Tamera	Clancy	Australia	Early emotional, behavioural and social development of infants and young children with Congenital Heart Disease	Ms Tamera Clancy
Mrs	Nur	Islamiah	Denmark	The Role of Father in the Development of Children's Emotion Regulation: A Systematic Review	Mrs Nur Islamiah
<b>Workshop</b>					
Ms	Michele	Lupa	Canada	Check It Out: a community screening process bringing theory-to-practice to life in Toronto, Canada	Dr Malini Dave
<b>Symposium</b>					
Dr	Cibele	Carvalho	Brazil	Contributions of a Brazilian research group for the promotion of infant mental health in public health and education	Ms Cibele Carvalho, Mr Georgius Cardoso Esswein, Ms Ambra Palazzi, Ms Livia Padilha Teixeira, Ms Amanda Schöffel Sehn
				Mother-child relationship and neurodevelopment in preterm children	Ms Livia Padilha Teixeira
				Quality of educator-baby interaction: impact of a piklerian approach monitoring program for nursery educators	Dr Cibele Carvalho
				Music therapy intervention for the mother-preterm infant dyad (MUSIP): an early family-centered intervention in a Brazilian NICU	Ms Ambra Palazzi
				Challenges for professionals to take into account infant mental health in infant development and growth consultations	Mr Georgius Cardoso Esswein
				Inclusive practices in daycare centers in South of Brazil: promoting the relationships between families, children with disabilities and school	Ms Amanda Schöffel Sehn
Dr	Hiram	Fitzgerald	United States	Infant mental health, ACES, and trauma-informed care	Dr Hiram Fitzgerald, Jennifer Hays-Grudo, Maria Korhonen, Leonie Segal & Julie M Ribaudo
				Commonalities between infant mental health and trauma-informed care	Dr Jennifer Hays-Grudo
				Parental mental health problems during pregnancy and early childhood: Associations with adolescents' and youth adults' internalizing and externalizing problems	Maria Korhonen
				The iCAN project: impacts of child abuse and neglect on premature death from infancy to age 30	Leonie Segal
				Staying present: the role of reflective supervision in providing trauma-informed care	Julie M Ribaudo
Dr	Nicole	Racine	Canada	Sowing New Seeds: Interrupting the Transmission of Maternal Stress and Adversity Across Generations	Dr Nicole Racine, Elizabeth Spry, Dillon Browne & Catherine Chamberlain
				Preventing postpartum depression in women with preconception mental health problems: A 20-year cohort study	Elizabeth Spry
				Intergenerational Transmission of Adversity: Maternal Attachment and Mental Health as Targets for Intervention	Dr Nicole Racine
				Cumulative Effects of Maternal Adverse Childhood Experiences on Developmental Outcomes: Transmission via Maternal Psychopathology	Dillon Browne

				Healing the past by nurturing the future: co-designing perinatal awareness, assessment and support for Aboriginal parents experiencing complex childhood trauma	Catherine Chamberlain
Dr	Shilpa	Sachdeva	United States	Application of Advances in Developmental Research in Infants to Psychotherapeutic Work with Children and Adolescents	Dr Shilpa Sachdeva, Dr Nathaniel Donson, Alexandra Murray Harrison, Katharine Frost & Natsuko Nakajima
				Application of Advances in Developmental Research in Infants to Psychotherapeutic Work with Children and Adolescents	Natsuko Nakajima
				Application of Advances in Developmental Research in Infants to Psychotherapeutic Work with Children and Adolescents	Katherine Frost
				Application of Advances in Developmental Research in Infants to Psychotherapeutic Work with Children and Adolescents	Alexandra Murray Harrison
Professor	Yunting	Zhang	China	Social determinants and early child development in China	Professor Yunting Zhang, Dr Jin Zhao, Dr Xuelai Wang & Ms Wenjie Shan
				The Impact of Screen Exposure Trajectory on Cognitive development of young children	Dr Jin Zhao
				Prediction of temperament at 6 months on behavioral problems at age 3, a birth cohort study	Dr Xuelai Wang & Professor Yunting Zhang
				Individual and child care environment characteristics underlying resilience in maltreated children	Ms Wenjie Shan
				Assessing the inequality of early child development with a population-level measurement in China	Professor Yunting Zhang
