

Prematurity and high-risk infants

Title	First Name	Last Name	Country	Paper Title	Presenting Author Names
Brief Oral Presentation					
Dr	Natalie	Duffy	Australia	Understanding the Early Lived Experiences of Infants Admitted to the Neonatal Intensive Care Unit	Dr Natalie Duffy
Dr	Inger Pauline	Landsem	Norway	Temperament in childhood among very preterm-born children; associations with participation in an early intervention, follow-up of an RCT	Dr Inger Pauline Landsem
	Hui	Li	China	Gender-dependent effects of NICU environment on social interactive behavior in preterm infants: evidence from China	Professor Hui Li
Ms	Angela Lisa	McLaughlin	United Kingdom	Catching Butterflies: Examining the impact of multiple adversities on neurodevelopment and attachment from conception to infancy.	Ms Angela Lisa McLaughlin
Ms	Grace	McMahon	Australia	Trajectories of early depressive and anxiety symptoms in fathers of very preterm infants and associations with parenting behaviour.	Ms Grace McMahon
Ms	Andrea	Mira	Chile	Fathers' experiences in a neonatal intensive care unit in Santiago, Chile.	Ms Andrea Mira
Miss	Ambra	Palazzi	Brazil	Music therapy improves maternal mental health in a Brazilian NICU	Miss Ambra Palazzi
Dr	Tawali	Shah	China	Effect of Newborn Observations (NBO) System on Physical and Mental Development in Premature High-Risk Infants in Xi'an, China	Dr Tawali Shah
Miss	Tora	Söderström Gaden	Norway	Family-centered music therapy for premature Infants and their caregivers during neonatal intensive care and beyond	Miss Tora Söderström Gaden & Mrs Łucja Bieleninik
Professor	Marina	Fuertes	Portugal	A self-comfort oriented pattern of regulatory behavior and avoidant attachment are more likely among infants born moderate-to-late preterm	Professor Marina Fuertes
Mrs	Jessica	Gordon	United States	Is Neonatal Nursing at the Forefront of Infant Mental Health?	Mrs Jessica Gordon
	Krishna	Changrani		How Helpful is Kangaroo Mother Care of Premature Infants?	Krishna Changrani
Poster Presentation					
Dr	Pratibha	Agarwal	Singapore	Evaluation of Checklist of Autism in Toddlers (CHAT) and Ages & Stages Socioemotional (ASQ-SE) in Very Low Birth Weight (VLBW) Infants	Dr Pratibha Agarwal
Mrs	Silja	Berg Kårstad	Norway	Clinical Experiences from a Follow-up Project of Young Children with Complex Congenital Heart Defect	Mrs Silja Berg Kårstad
Ms	Christine	Neugebauer	United States	Identifying contexts of maternal engagement in the NICU: An exploratory study using focused ethnography	Ms Christine Neugebauer
Ms	Audrey	Kern	Canada	The associations between childhood maltreatment and pregnancy complications: a systematic review and meta-analysis	Ms Audrey Kern
Ms	Tara	Wyatt	United States	Long-term implications of the NICU (Neonatal Intensive Care Unit) experience for mothers	Ms Tara Wyatt
Dr	Sari	Ahlqvist-Björkroth	Finland	Reflective discussion as a tool for professional learning in neonatal intensive care	Dr Sari Ahlqvist-Björkroth
Mr	Jorge	Bustamante Loyola	Chile	The effect of a neonatologist's guidance intervention on the level of social withdrawal of preterm infants: a randomized controlled trial	Mr Jorge Bustamante Loyola
Ms	Miranda	Cox	United States	Identifying contexts of engagement in parent-child interaction in the NICU: An exploratory study using focused ethnography	Ms. Christine Neugebauer
Mrs	Emily	Hills	United Kingdom	Sweet Dreams Are Made of These Lullaby hour at Imperial College NHS Trust	Mrs Emily Hills & Dr Aniko Deierl
Dr	Marika	Leppänen	Finland	The parent-child interaction psychotherapy in families with preterm infant	Dr Marika Leppänen
Ms	Andrea	Mira	Chile	The relation between maternal sensitivity and moderate preterm Infants' temperament and social withdrawal	Ms Andrea Mira

Dr	Wanjiku	Njoroge	United States	Parenting whilst in the neonatal intensive care unit: differing levels of distress	Dr Wanjiku Njoroge
Workshop					
Dr	Sari	Ahlqvist-Björkroth	Finland	E-learning module for NICU staff on early parenting support	Dr Sari Ahlqvist-Björkroth & Martina Moorkamp
Ms	Teresa	Johnson	Canada	Building walls & building relationships: our story rich in authentic heart connections	Ms Teresa Johnson
Symposium					
Dr	Susan	Wilson	Australia	Understanding and managing medical trauma for infants and their parents in the tertiary paediatric hospital setting.	Dr Susan Wilson, Ms Lisa Findlay, Dr Alexandra De Young, Dr Megan Chapman & Dr Kim Gilson
				Medical trauma during early childhood: implications for clinical practice.	Alexandra De Young
				Prioritising infant mental health in a paediatric hospital setting – infants, attachment and medical trauma.	Susan Wilson
				Occupational therapy for medically traumatised infants: supporting best performance in parent and infant occupations.	Lisa Findlay
				Reducing the impact of medical trauma for parents and infants in the complex colorectal service within a paediatric hospital.	Kim Gilson
				What becomes of the broken hearted? Infant mental health interventions with very young children with complex heart disease.	Megan Chapman
